

# INCLEMENT WEATHER POLICY FOR PULSARS GYMNASTICS

## For All Programs

Pulsars Gymnastics is committed to excellence in serving all customers in a fair and transparent manner. It is for this reason that we have established the following Weather Policy. At Pulsars, the safety and well-being of our members and staff are of paramount importance. We understand that inclement weather conditions may impact our ability to conduct classes. Therefore, we have established the following inclement weather policy:

### **Notification**

If the gym has decided to close due to inclement weather, members will be notified via the primary email address associated with your account.

### **Weather**

"Inclement weather" refers to atmospheric conditions that are severe, harsh, or unfavorable. It typically describes weather conditions that are difficult to endure or navigate due to their challenging or hazardous nature. Inclement weather can encompass a range of adverse conditions such as heavy rain, snowfall, ice, thunderstorms, high winds, extreme temperatures, or any combination thereof. These conditions can pose risks to transportation, outdoor activities, and general safety of our membership.

### **Class Cancellation**

**Daytime Programs:** In the event of local school closures (any board in York Region or Simcoe Region) due to weather, all daytime programs at Pulsars Gymnastics will be automatically cancelled. Notification will be promptly emailed to our members.

**After School and Weekend Programs:** If after-school and weekend programs are cancelled due to weather conditions, notification will be promptly emailed to our members. The decision to close due to weather will be at the discretion of Management.

### **Make Up Classes, Refunds, or Credits**

If classes are cancelled due to inclement weather, power outages, or other forces beyond our control, we do not offer refunds, credit, or make up classes.
